FRECKLE-FACE

Now is the Time to Get Rid of These Ugly Spots.

Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face?
Simply get an ounce of othine, double strength, from your druggist and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds of March have a strong tendency to bring out freckles, and as a result more othine is sold in this month. Be sure to ask for the double strength othine, as this is sold under guarantee of money back if it fails to remove the freckles. (Advertisement.)

PANAMA CAUSES EXCITEMENT.

The high wind and a Panama hat figured in an exciting and ludicrous scene, yesterday afternoon, on Main street. A gentleman was passing the Moose Club when his hat, apparently a new Panama, was caught by one of the severe gusts of late afternoon. The hat was whirled into the street and rescued in the nick of time from the pathway of a passing street car. A young newsboy saved the hat and was made happy by the gift of a silver dollar. As it was a genuine Panama, undoubtedly the tip was well deserved.

PLAYGROUND BALL PLAYERS IN MERRY BANQUET TONIGHT

Capt. Hodgson Toastmaster; Bisbee Mandolin Club and Service by Young Ladies; Plans for Season.

Playground ball players and men who were instrumental in making the sport a success, last season, will meet for a big get-together banquet, this evening, at 7 o'clock, at the Y. M. C. A. banquet hall. Stories of the activities of last year and plans for the season at hand will be features of the occasion.

Capt. J. P. Hodgson will act as toastmaster. Besides being wholeheartedly interested in all that contributes to the welfare of the young element, Capt. Hodgson is a bright and at all times entertaining speaker, particularly well adapted to the role of toastmaster. That his end of the program will be a distinctive success is the assurance of all who have had the pleasure of seeing Capt. Hodgson officiate in such a capacity.

Not the least attractive feature of the banquet will be the waitress service by some of the leading young ladies of the Warren District—friends of the playground ball players.

REV. MANDIN TELLS OF DEPORTED PRIESTS

Bisbee Clergyman States Facts in Connection With Latest Act of Aggression.

(By Rev. E. Mandin.)
In the Review of this morning appeared a dispatch from Douglas announcing the deportation from Mexico of six Catholic Priests. Accompanying this announcement was a statement from General Calles attempting to explain the cynical disregard of solemn pledges given our government as a condition to the recognition of General Carranza as de facto President of Mexico. There was also a paragraph expressing the regret of Consul Leveier that such action was found necessary. In a telephone conversation this morning with Rev. Father Van Goethem of Nogales, he assured me the statements of Calles and Leveier are absolutely false in every particular.

I am personally acquainted with one of the deported priests, Rev. Mathieu Deyrieux, who has passed the last nine years in Nogales, Sonora, beloved of all who know him. For the past two months, Father Deyrieux has even refrained from preaching, lest his words should be misconstrued and give the radicals who now control Mexico an excuse to send him out of the country.

From this statement of fact, the public can draw its own conclusion.

SCHOOL TRUSTEE TO BE ELECTED IN THE DISTRICT SATURDAY

Dr. N. C. Bledsoe and Dr. C. H. Hunt are Candidates Before the People. Interesting Election Expected.

Breaking like a sudden storm, interest in the election of a school trustee for the Warren District has grown apace in the past twenty-four hours. The election will be held at the Central School Saturday from 9 a. m. to 5 p. m.

At the present time there are two candidates for the office: Dr. N. C. Bledsoe and Dr. C. H. Hunt. The former is the present incumbent and was appointed two years ago to fill out the unexpired term of Frank Bledsoe.

Dr. Hunt has been a resident of Bisbee for many years and is very favorably known in the District. Qualifications for voting are that a person either be a taxpayer of have children attending the District schools. A considerable vote is expected to be polled and the interest in the election will, undoubtedly, increase very materially today.

PRESBYTERIANS WILL MAKE ADDITIONS TO CHURCH IN BISBEE

Two Wings Will Be Added to Local Edifice to Furnish Accommodations for Various Classes in Work.

The members of the Presbyterian Church at a recent congregational meeting decided to enlarge and improve their present church building. For some time the Sunday School has needed extra rooms for its work as fourteen classes are meeting at present in the one large room while beginners' class meets in the pastor's study. This has made satisfactory work in the school impossible. The Men's Bible class has been making a demand since its organization for a separate room where it may carry on its work on a larger scale. The Christian Endeavor Society has long faithfully labored under the handicap of having no special room for its meetings. Realizing the needs of these several organizations it has been decided to add a wing to each side of the church building at the rear which will supply the needed extra rooms. The additions will be in keeping with the present main building but will necessitate some changes in the furnishing of the main room. The seats now being used will be placed in the additions and pews will be put in the main room. The choir box will be changed so as to give access to the west wing. While this work is being done certain much needed repairs of the main building will be done. The estimated total cost for additions and improvements and repairs is seventy-five hundred dollars.

The present building, which was complete in 1903, was erected at no cost whatever to the citizens of the district; the funds for the erection being supplied by certain individual members of the Copper Queen Mining company and the building being dedicated to the congregation. Two of these individuals, Mr. W. E. Dodge and Mr. Willis James, have died since the erection of the building and are held in grateful remembrance for their splendid Christian character. The members of the church have shown their appreciation of the gift of the building by meeting all the expenses of its upkeep and that of carrying on the work of the church without outside help. In fact, the work has been entirely self-supporting from the first and today, in addition to meeting all its own expenses, the congregation raises about five hundred dollars a year for outside work.

Recognizing the need for an enlarged and better equipped building, the members of the church are giving liberally to attain the desired end and through the trustees are pushing the campaign for the necessary funds. But the members, while realizing that upon them must fall the heaviest responsibility in meeting the cost of the proposed improvements, believe that the city in general has been benefited by the presence of this organization and building in the district and that many of the citizens will desire to have a part in making this work more efficient through the obtaining of the better equipped building. The trustees have decided to raise the needed funds by direct giving. They have organized themselves in teams of two, among whom have been divided the membership of the church for a careful canvass. Cards on which one may make a pledge paying in six monthly installments beginning with April are being used by the solicitors. It is hoped that there will be a generous response, not only from

the members of the church, but also from friends of the organization who desire to encourage it in its laudable enterprise. Of the trustees, who have this work in charge, Capt. J. P. Hodgson is chairman and Mr. Robert Ferguson treasurer.

Any friends of the church or persons wishing to make subscriptions may do so by communicating with any of the following gentlemen who are members of the Board of Trustees:
J. P. Hodgson, Dr. N. C. Bledsoe, J. R. Tenny, R. Ferguson, G. J. Williams, F. Webster, J. F. Sinclair, W. C.

THEY REFUSE TO EAT
At periods in most children's lives they fail to relish their meals and refuse to eat even the delicacies prepared to tempt their appetites. They lack ambition, and growth seems impeded, which causes anxiety and worry.

To compel them to eat is a grave mistake, because nutrition is impaired. Healthful exercise in fresh air and sunshine is important, but equally important is a spoonful of Scott's Emulsion three times a day to feed the tissues and furnish food-energy to improve their blood, aid nutrition and sharpen their appetites.

The highly concentrated medicinal food in Scott's Emulsion supplies the very elements children need to build up their strength. They relish Scott's—it is free from alcohol.
